

TAPN

ATTENDEES **FIRST**

Welcome to TAPN — The Future of Events

Traditional on-site event check-ins create long lines, low quality badges and are super expensive with little ROI.

TAPN eliminates wait times and produces smart badges that create a **3x ROI for organizers & attendees** and a **14x ROI for sponsors!**

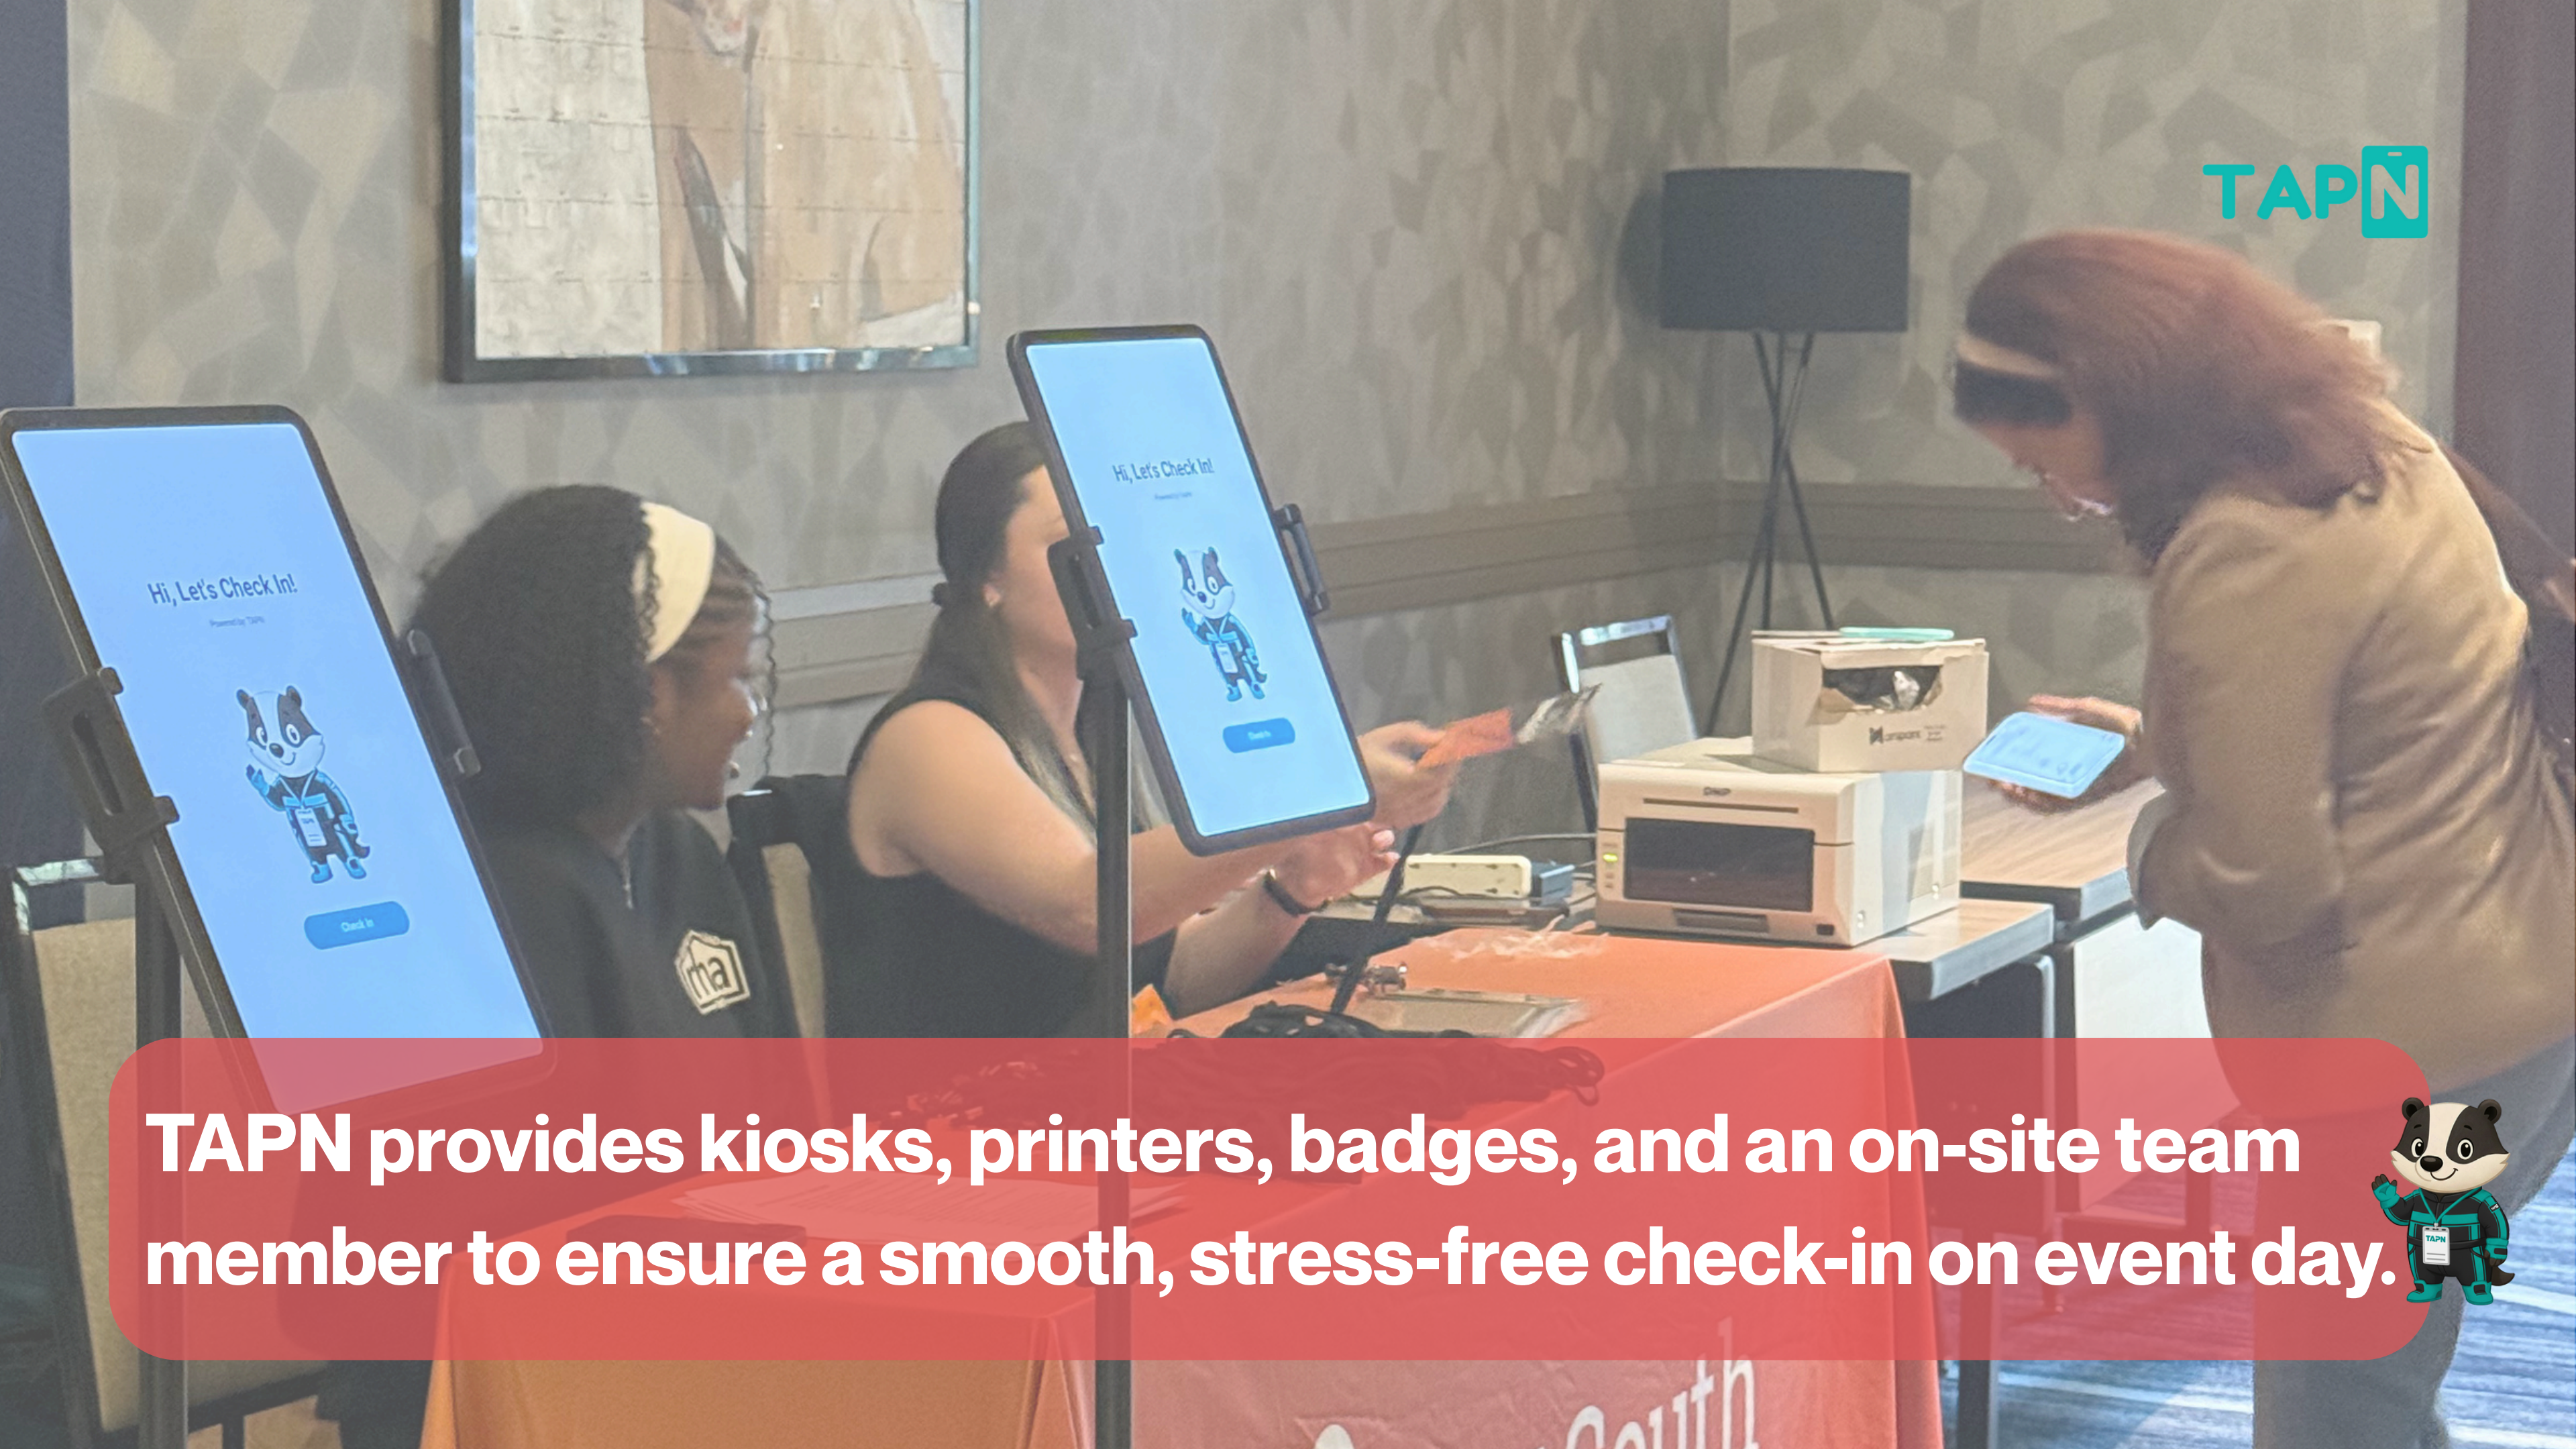

Our Process

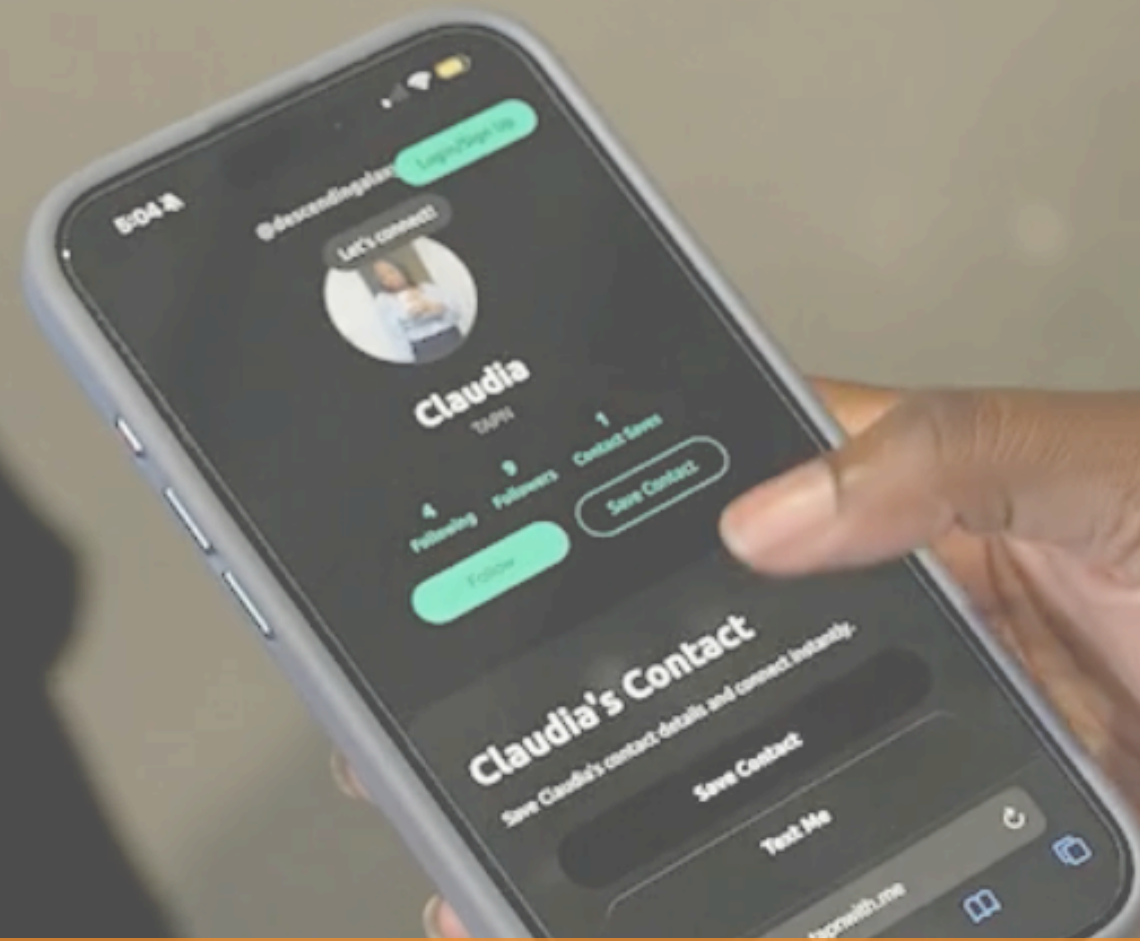

Using your attendee count estimate, TAPN calculates the precise setup needed to produce a seamless check-in flow.

TAPN provides kiosks, printers, badges, and an on-site team member to ensure a smooth, stress-free check-in on event day.

Every badge comes with a custom built-in profile for easy contact sharing and instant access to event info.

Once the event ends, TAPN turns your data into clear insights you can share with sponsors and use to grow your next event.

Check In 1 Attendee per 1-7 sec.
